

■ Dezheng packing

The packaging of the product, like the clothes of the product, convey the most direct visual experience, product features and corporate image to consumers.

Good packaging, not only can increase the charm for the product, but also can help us stand out in a number of competitors, and won a good reputation.

So we not only do our best to create high-quality products for our customers, but also do our best to provide customers with good packaging.

■ Classification of packaging

1) Concise paper card & hanging card

2) Big paper card & Background card

3) Personalized paper card

4) The packaging of the product suite

5) Special packaging
